UM Connection | Winter 2024

Update from Chief Engagement Officer Chad Higgins

2024 is off to a great start in the UM System Office of Engagement and MU Office of Extension and Engagement. Our offices, along with UM System partners, have released the [District Data Sheets](#) for this year. This data shows the ways the UM System is impacting your community and the state of Missouri. It is broken down into county, congressional district, senate district, house district and the state. Please share this data – and its value – in your county. The district data sheets are housed on the [UM System Community Connect](#) portal. We encourage you to look through the website. It contains many community events happening at each university.

Chad Higgins, MU Vice
Chancellor for Extension and
Engagement

Last week I was honored to have been named the next vice chancellor for extension and engagement and chief engagement office for the UM system. I am grateful for President Choi's trust and partnership. I look forward to working with our faculty, staff and partners to solve Missouri's grand challenges.

Thank you for your continued support of and advocacy for the University of Missouri System. Please let us know how we can assist you as engaged leaders in your communities!

Sincerely,

Chad Higgins, Ph.D.
