

## Youth Protection Policy and Requirements

### Enroll Programs in the Youth Program Registry

Applicable youth programs, both in person and on-line, are required to comply with the Youth Protection policy (YPP). Full policy requirements and resources are outlined on the [UM System Youth Protection](#) webpage, and both live and on-demand learning opportunities are available for program coordinators.

### How can I tell if the YPP applies to a program/activity with youth?

For most youth programs, understanding whether the Youth Protection Policy applies can be determined through a 'three question rule' described by the following flowchart:

### What steps do I need to take to be compliant with the policy?

Some programs, like student teachers, daycares, athletic recruiting, and research studies involving minors, may have an approved alternate processes, but most youth programs have requirements in following four key areas, which must all be completed in advance:

<b>Registering the camp/program advance.</b>	<ul style="list-style-type: none"> <li>Registration and other requirements must be completed before an activity or program with minors begins.</li> <li>For ongoing and pre-established activities and programs, register on an annual basis prior to the start of the university's academic year (i.e., August).</li> <li>Other activities and programs with minors should be completed thirty (30) days in advance to the extent possible.</li> </ul>
<b>Completing screening requirements for adults who will staff the program.</b>	<ul style="list-style-type: none"> <li>All Designated Individuals (adults) must have a background check and a sex offender registry search completed prior to their work with a youth program. Initiate the process through the youth program registry portal.</li> <li>The background check must be performed every three years through the University's approved vendor unless otherwise approved. If a program staff provides transportation, a department of motor vehicles state driving record check should also be completed.</li> </ul>
<b>Training and orientation for program staff and youth participants.</b>	<ul style="list-style-type: none"> <li>Anyone who supervises or has oversight of youth participants (i.e., Designated Individuals) must complete annual training prior to working a program.</li> <li>Standard training is available to meet this requirement. Initiate the process through the youth program registry portal.</li> <li>While the standard training is effective for most youth programs, alternate training programs are approved on a case-by-case basis.</li> </ul>
<b>Maintaining necessary documentation.</b>	<ul style="list-style-type: none"> <li>Parents/guardians of youth participants must receive the "Youth Protection Policy Letter," which describes the Youth Protection Policy and related reporting mechanisms.</li> <li>Additional sample forms, such as a medical authorization and photo release, are available on the Youth Protection webpage.</li> </ul>
