## NOTICE TO RESPONDENTS

The University of Missouri requests proposals for the Furnishing and Delivery of a **Fortigate UTM Bundle and Associated Products, RFP # 19-4001-HR-U** which will be received by the undersigned at UM Supply Chain, until **September 20, 2018 at 2:00 p.m. CST. Request for Proposals will be opened and identified starting at 2:05 p.m., CT. The University assumes no responsibility for any vendor's on-time receipt at the designated proposal/bid opening location.**

Specifications and the conditions of Request for Proposal together with the printed form on which Request for Proposals must be made may be obtained by accessing the following website: <http://www.umsystem.edu/ums/fa/procurement> or from the Strategic Sourcing Specialist identified within this document.

In the event a Respondent chooses to use the Word version of the RFP to aid in preparation of its response, the Respondent should only complete the response information. Any modification by the Respondent of the specifications provided will be ignored, and the original wording of the RFP shall be the prevailing document.

**Questions shall be submitted no later than September 11, 2018.**

The University reserves the right to waive any informality in Request for Proposals and to reject any or all Request for Proposals.

THE CURATORS OF THE UNIVERSITY OF MISSOURI  
Prepared By:  
Heather Reed, CPPB  
Strategic Sourcing Specialist  
University of Missouri System Supply Chain  
2910 LeMone Industrial Blvd  
Columbia, MO 65201

**UNIVERSITY OF MISSOURI  
REQUEST FOR PROPOSAL (RFP)  
GENERAL TERMS AND CONDITIONS  
&  
INSTRUCTIONS TO RESPONDENTS**

**A. General Terms and Conditions**

1. **Purpose:** The purpose of these specifications is to require the furnishing of the highest quality equipment, supplies, material and/or service in accordance with the specifications. These documents, and any subsequent addenda, constitute the complete set of specification requirements and proposal response forms.
2. **Governing Laws and Regulations:** Any contract issued as a result of this RFP shall be construed according to the laws of the State of Missouri. Additionally, the contractor shall comply with all local, state, and federal laws and regulations related to the performance of the contract to the extent that the same may be applicable.
3. **Taxes:** The contractor shall assume and pay all taxes and contributions including, but not limited to, State, Federal and Municipal which are payable by virtue of the furnishing and delivery of item(s) specified herein. Materials and services furnished the University are not subject to either Federal Excise Taxes or Missouri Sales Tax.
4. **Sovereign Immunity:** The Curators of the University of Missouri, due to its status as a state entity and its entitlement to sovereign immunity, is unable to accept contract provisions, which require The Curators to indemnify another party (537.600, RSMo). Any indemnity language in proposed terms and conditions will be modified to conform to language that The Curators are able to accept.
5. **Preference for Missouri Firms:** In accordance with University policy, preference shall be given to Missouri products, materials, services and firms when the goods or services to be provided are equally or better suited for the intended purpose and can be obtained without additional cost. Firms are considered "Missouri firms" if they maintain a regular place of business in the State of Missouri.
6. **Equal Opportunity and Non-Discrimination:** In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall agree not to discriminate against any recipients of services, or employees or applicants for employment on the basis of race, color, religion, national origin, sex, age, disability, or veteran status. The contractor shall comply with federal laws, rules and regulations applicable to subcontractors of government contracts including those relating to equal employment of minorities, women, persons with disabilities, and certain veterans. Contract clauses required by the United States Government in such circumstances are incorporated herein by reference.

7. **Supplier Diversity Participation:** It is the policy of the University of Missouri System to ensure full and equitable economic opportunities to all persons and businesses that compete for business with the University. The University's Supplier Diversity effort reflects that.

Diverse suppliers must be at least 51% owned and controlled by someone in one of the recognized groups (see below). Diverse suppliers should be certified from a recognized certifying agency. These firms can be a sole proprietorship, partnership, joint venture or corporation. Attachment A provides a list of agencies that are recognized as certifying agencies. The definition of what counts as a diverse supplier for the University of Missouri System are: Minority (MBE: African-American, Hispanic, Native-American Asian Indian/Pacific), Women (WBE), Veterans (VBE-Includes Service Disabled) and Disadvantaged Business Enterprises (DBE/SDB). Again, these firms must be certified to be recognized by University of Missouri System Supply Chain (UMSSC).

**Second Tier Diverse Supplier Spending and Reporting:** The University strongly encourages Supplier Diversity participation in all of its contracts for goods and services. This may be as the primary supplier/contractor for the awarded business. Diverse suppliers can also be used as subcontractors by a majority-owned supplier to fulfill its contract with the University. This is called 2<sup>nd</sup> Tier spending. There are two ways this can be accomplished:

Direct 2<sup>nd</sup> Tier spending: This is diverse supplier spending by a first tier supplier of goods and/ or services that directly fulfills a UMSSC contract. The principle to follow— if the diverse supplier spending by the first tier supplier can be traced and tracked specifically to the contract, this is direct 2<sup>nd</sup> tier spending.

Example: Company A is a prime supplier of office products to UMSSC. Ink pens that are supplied to UMSSC are provided by a minority-owned business. This would be direct 2<sup>nd</sup> Tier. Dollars that can be tracked and traced to fulfilling the contract.

Indirect 2<sup>nd</sup> Tier spending: Calculates the 2<sup>nd</sup> Tier spending by prorating the prime supplier's company-wide diverse supplier spending with the percentage of its total business represented by the customer company's business.

Example: Company B spends \$100,000 with a Veteran-owned landscaping company. UMSSC comprises 20% of that company's/subsidiary's overall business revenue. Company B can report \$20,000 to UMSSC as indirect 2<sup>nd</sup> Tier spending.

The Director of Supplier Diversity and Small Business Development can provide more detail.

Respondents must indicate their Supplier Diversity participation levels committed to this contract on the Supplier Diversity Participation Form included in this RFP (see Attachment A). The Respondent must describe what suppliers and/or how the Respondent will achieve the Supplier Diversity goals. Evaluation of proposals shall include the proposed level of Supplier Diversity participation. Proposals that do not meet the participation requirements for Supplier Diversity will not receive any of the points during proposal review.

Suppliers/contractors will be responsible for reporting diverse supplier participation on an agreed upon timing (e.g., quarterly, annually) when business is awarded.

The University will monitor the contractor/supplier's compliance in meeting the Supplier Diversity participation levels committed to in the awarded proposal. If the contractor/supplier's payments to participating diverse suppliers are less than the amount committed to in the contract, the University reserves the right to cancel the contract, suspend and/or debar the contractor/supplier from participating in future contracts. The University may retain payments to the contractor/supplier in an amount equal to the value of the Supplier Diversity participation commitment less actual payments made to diverse suppliers.

If a participating diverse supplier does not retain their certification and/or is unable to satisfactorily perform, the contractor/supplier must obtain other certified diverse suppliers, if available, to fulfill the Supplier Diversity participation requirements committed to in the awarded proposal. The contractor/supplier must obtain the written approval of the Chief Procurement Officer for any new diverse supplier. Additionally, if the Respondent cannot find another diverse supplier replacement, documentation must be submitted to the Chief Procurement Officer detailing all good faith efforts made to find a replacement. The Chief Procurement Officer shall have sole discretion in determining if the actions taken by the contractor/supplier constitute a good faith effort to secure diverse supplier participation and whether the contract will be amended to change the Supplier Diversity participation commitment.

8. **Applicable Laws and Regulations:** The University serves from time to time as a contractor for the United States government. Accordingly, the provider of goods and/or services shall comply with federal laws, rules and regulations applicable to subcontractors of government contracts including those relating to equal employment opportunity and affirmative action in the employment of minorities (Executive Order 11246), women (Executive Order 11375), persons with disabilities (29 USC 706 and Executive Order 11758), and certain veterans (38 USC 4212 formerly [2012]) contracting with business concerns with small disadvantaged business concerns (Publication L. 95-507). Contract clauses required by the Government in such circumstances are incorporated herein by reference.

9. **Appropriation:** The Curators of the University of Missouri is a public corporation and, as such, cannot create indebtedness in any one year (the fiscal year beginning July 1 to June 30) above what they can pay out of the annual income of said year as set forth in 172.250, RSMo. Therefore, if the University determines it has not received adequate appropriations, budget allocations or income to enable it to meet the terms of this contract, the University reserves the right to cancel this contract with 30 days' notice.
10. **Applicable Health Related Laws and Regulations:** If these specifications or any resulting contract involves health care services or products, the Contractor agrees to maintain, and will further assure such compliance by its employees or subcontractors, the confidential nature of all information which may come to Contractor with regard to patients of the University. All services provided pursuant to this contract shall be provided in accordance with all applicable federal and state laws including The Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, sections 261-264 (the Administrative Simplification sections) and the regulations promulgated pursuant thereto and regulations of the Joint Commission on Accreditation of Healthcare Organization and The Centers for Medicare & Medicaid Services (CMS).

Respondents understand and agree that the Curators of the University of Missouri, in the operation of the University Hospitals and Clinics, is regulated under federal or state laws with regard to contracting with vendors. The Contractor represents that it is not currently excluded or threatened with exclusion from participating in any federal or state funded health care program, including Medicare and Medicaid. Contractor agrees to notify the University of any imposed exclusions or sanctions covered by this representation.

The University will regularly check the "List of Excluded Individuals/Entities" (LEIE), maintained by the Office of Inspector General, United States Department of Health and Human Services ("OIG") to determine if any Bidders/Respondents have been excluded from participation in federal health care programs, as that term is defined in 42 U.S.C. §1320a-7b(f). The University reserves the sole right to reject any respondents who are excluded by the OIG, who have been debarred by the federal government, or who have otherwise committed any act that could furnish a basis for such exclusion or debarment.

11. **Inventions, Patents, and Copyrights:** The Contractor shall pay for all royalties, license fees, patent or invention rights, or copyrights and defend all suits or claims for infringements of any patent or invention right or copyrights involved in the items furnished hereunder. The Contractor shall defend, protect, and hold harmless the University its officers, agents, servants and employees against all suits of law or in equity resulting from patent and or copyright infringement concerning the contractor's performance or products produced under the terms of the contract.

Copyrights for any item developed for the University shall be the property of the University and inure to its benefit and the Contractor shall execute such documents as the University may require for the perfection thereof.

12. **Insurance:** The Contractor shall purchase and maintain such insurance as will protect the Contractor and the University against any and all claims and demands arising from the execution of the contract. Further, when stated in the Detailed Specifications and Special Conditions, the Contractor shall be required to procure and maintain the types and limits of insurance as specified.
13. **Performance Bond/Irrevocable Letter of Credit:** If a performance bond or irrevocable letter of credit is required in the Detailed Specifications and Special Conditions, the Contractor shall furnish to the University, along with their signed contract, a performance bond or unconditional irrevocable letter of credit payable to the Curators of the University of Missouri in the face amount specified in the Detailed Specifications and Special Conditions as surety for faithful performance under the terms and conditions of the contract.
14. **Vendor Gifts:** The contractor shall refrain in offering any offers of gifts to the University, and all University of Missouri employee's, in accordance with University of Missouri Business Policy Vendor Gifts, section 3:110.

## **B. Instructions to Respondents**

1. **Request for Proposal (RFP) Document:** Respondents are expected to examine the complete RFP document and all attachments including drawings, specifications, and instructions. Failure to do so is at Request for Proposals risk. It is the Request for Proposal responsibility to ask questions, request changes or clarifications, or otherwise advise the University if any language, specifications or requirements of a RFP appear to be ambiguous, contradictory, and/or arbitrary, or appear to inadvertently restrict or limit the requirements stated in the RFP to a single source.

Any and all communications from Request for Proposal regarding specifications, requirements, competitive Request for Proposal process, etc., should be directed to the University buyer of record referenced in this RFP. It is the responsibility of the person or organization communicating the request to ensure that it is received. To guarantee a timely response, such communication should be received at least ten calendar days prior to the Request for Proposal opening date.

The RFP document and any attachments constitute the complete set of specifications and Request for Proposal response forms. No verbal or written information that is obtained other than through this RFP or its addenda shall be binding on the University. No employee of the University is authorized to interpret any portion of this RFP or give information as to the requirements of the RFP in addition to that contained in or amended to this written RFP document. In case of any doubt or difference of opinion as to the true

intent of the RFP, the decision of the University's Chief Procurement Officer shall be final and binding on all parties.

2. **Preparation of Request for Proposals:** All Request for Proposals must be submitted, in **1 complete printed copy with an authorized signature on the "Form of Proposal" page in addition to one complete electronic copy provided on a flash drive, jump drive, or CD formatted in .PDF file format** and must be enclosed in a sealed envelope plainly marked: Request for Proposal for a Fortigate UTM Bundle and addressed, mailed and/or delivered to UM System Supply Chain, 2910 LeMone Industrial Blvd, Columbia, MO 65201 ATTN: Heather Reed.

To receive consideration, Request for Proposals must be received, at the above address, prior to the Proposal opening time and date stated in this RFP. It is the respondent's full responsibility for the actual delivery of Proposals during business hours at the specified address.

Unless otherwise specifically stated in the RFP, all specifications and requirements constitute minimum requirements. All Requests for Proposals must meet or exceed the stated specifications or requirements. All equipment and supplies offered must be new, of current production, and available for marketing by the manufacturer unless the RFP clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered. Unless specifically stated and allowed in the Detailed Specifications and Special Conditions, all pricing submitted in response to this RFP is firm and fixed.

Whenever the name of a manufacturer, trade name, brand name, or model and catalog numbers followed by the words "or equal" or "approved equal" are used in the specifications it is for the purpose of item identification and to establish standards of quality, style, and features. Proposals on equivalent items of the same quality are invited. However, to receive consideration, such equivalent proposals must be accompanied by sufficient descriptive literature and/or specifications to clearly identify the item and provide for competitive evaluation. The University will be the sole judge of equality and suitability. Whenever the name of a manufacturer is mentioned in the specifications and the words "or equal" do not follow, it shall be deemed that the words "or equal" follow unless the context specifies "no substitution." Unless noted on the Request for Proposal form, it will be deemed that the article furnished is that designated by the specifications. The University reserves the right to return, at contractor's expense, all items that are furnished which are not acceptable as equals to items specified and contractor agrees to replace such items with satisfactory items at the original proposal price.

Time will be of the essence for any orders placed as a result of this RFP. The University reserves the right to cancel any orders, or part thereof, without obligation if delivery is not made in accordance with the schedule specified by the respondents Proposal and accepted by the University. The University reserves the right to cancel circuit connection(s) by an individual site, without cancelling the entire contract. In the event

the University exercises the right to cancel a single individual circuit; the contractor shall maintain existing awarded circuit connections without penalty. Service connection(s) will be awarded on a site by site basis. Unless otherwise specified in the Detailed Specifications and Special Conditions, all proposals shall include all packing, handling, and shipping charges FOB destination, freight prepaid and allowed.

3. **Submission of Proposals:** Respondent shall furnish information required by the solicitation in the form requested. The University reserves the right to reject proposals with incomplete information or which are presented on a different form. All proposals shall be signed, in the appropriate location, by a duly authorized representative of the Respondent's organization. Signature on the proposal certifies that the Respondent has read and fully understands all RFP specifications, plans, and terms and conditions.

By submitting a proposal, the Respondent agrees to provide the specified equipment, supplies and/or services in the RFP, at the prices quoted, pursuant to all requirements and specifications contained therein. Furthermore, the Respondent certifies that: (1) the proposal is genuine and is not made in the interest of or on behalf of any undisclosed person, firm, or corporation, and is not submitted in conformity with any agreement or rules of any group, association, or corporation; (2) the Respondent has not directly or indirectly induced or solicited any other Respondent to submit a false or sham proposal; (3) the Respondent has not solicited or induced any person, firm, or corporation to refrain from responding; (4) the Respondent has not sought by collusion or otherwise to obtain any advantage over any other Respondent or over the University.

Modifications or erasures made before proposal submission must be initialed in ink by the person signing the proposal. Proposals, once submitted, may be modified in writing prior to the exact date and time set for the RFP closing. Any such modifications shall be prepared on company letterhead, signed by a duly authorized representative, and state the new document supersedes or modifies the prior proposal. The modification must be submitted in a sealed envelope marked "Proposal Modification" and clearly identifying the RFP title, RFP number and closing time and date. Proposals may not be modified after the RFP closing time and date. Telephone and facsimile modifications are not permitted.

Proposals may be withdrawn in writing, on company letterhead, signed by a duly authorized representative and received at the designated location prior to the date and time set for RFP closing. Proposals may be withdrawn in person before the RFP closing upon presentation of proper identification. Proposals may not be withdrawn for a period of sixty (60) days after the scheduled closing time for the receipt of proposals.

All proposals, information, and materials received by the University in connection with an RFP response shall be deemed open records pursuant to 610.021 RSMo. If a Respondent believes any of the information contained in the Respondent's response is exempt from 610.021 RSMo, the Respondent's response must specifically identify the material which is deemed to be exempt and cite the legal authority for the exemption; otherwise, the

University will treat all materials received as open records. The University shall make the final determination as to what materials are or are not exempt

4. **Evaluation and Award:** Any clerical errors, apparent on its face, may be corrected by the Buyer before contract award. Upon discovering an apparent clerical error, the Buyer shall contact the Respondent and request clarification of the intended proposal. The correction shall be incorporated in the notice of award. The University reserves the right to request clarification of any portion of the Respondent's response in order to verify the intent. The Respondent is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.

The University reserves the right to make an award to the responsive and responsible Respondent whose product or service meets the terms, conditions, and specifications of the RFP and whose proposal is considered to best serve the University's interest. In determining responsiveness and the responsibility of the Respondent, the following shall be considered when applicable: the ability, capacity, and skill of the respondent to perform as required; whether the respondent can perform promptly, or within the time specified without delay or interference; the character, integrity, reputation, judgment, experience and efficiency of the respondent; the quality of past performance by the Respondent; the previous and existing compliance by the Respondent with related laws and regulations; the sufficiency of the Respondent's financial resources; the availability, quality and adaptability of the Respondents equipment, supplies and/or services to the required use; the ability of the respondent to provide future maintenance, service and parts.

The University has established formal protest procedures. For more information about these procedures, contact the Buyer of Record.

In case of any doubt or difference of opinion as to the items and/or services to be furnished hereunder, the decision of the Chief Procurement Officer-UM System Supply Chain shall be final and binding upon all parties.

The University reserves the right to accept or reject any or all proposals and to waive any technicality or informality.

5. **Contract Award and Assignment:** The successful Respondent(s) shall, within fifteen (15) days after the receipt of formal notice of award of the contract, enter into a contract, in duplicate, prepared by the University. The Contract Documents shall include the Advertisement for Request for Proposals, Specifications and Addenda, Exhibits, Request for Proposal Form, Form of Contract, Letter of Award, University Purchase Order, and Form of Performance Bond, if required.

The contract to be awarded and any amount to be paid thereunder shall not be transferred, sublet, or assigned without the prior approval of the University.

6. **Contract Termination for Cause:** In the event the Contractor violates any provisions of the contract, the University may serve written notice upon Contractor and Surety setting forth the violations and demanding compliance with the contract. Unless within ten (10) days after serving such notice, such violations shall cease and satisfactory arrangements for correction be made, the University may terminate the contract by serving written notice upon the Contractor; but the liability of Contractor and Surety for such violation; and for any and all damages resulting there from, as well as from such termination, shall not be affected by any such termination.
7. **Contract Termination for Convenience:** The University reserves the right, in its best interest as determined by the University, to cancel the contract by given written notice to the Contractor thirty (30) days prior to the effective date of such cancellation.
8. **Warranty and Acceptance:** The Contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished or adopted by the University, (2) be fit and sufficient for the purpose expressed in the RFP, (3) be merchantable, (4) be of good materials and workmanship, (5) be free from defect. Such warranty shall survive delivery and shall not be deemed waived either by reason of the University's acceptance of or payment for such equipment, supplies, and/or services.

No equipment, supplies, and/or services received by the University pursuant to a contract shall be deemed accepted until the University has had a reasonable opportunity to inspect said equipment, supplies and/or services. All equipment, supplies, and/or services which do not comply with specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the Contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.

9. **Payment:** Preferred settlement method is through the use of Electronic Accounts Payable solutions. Payment terms associated with these forms of payment will be issued as net 15 after the date of invoice. Cash discounts for prompt payment may be offered but they will not be considered in determination of award unless specifically stated in the Detailed Specifications and Special Conditions. The University may withhold payment or make such deductions as may be necessary to protect the University from loss or damage on account of defective work, claims, damages, or to pay for repair or correction of equipment or supplies furnished hereunder. Payment may not be made until satisfactory delivery and acceptance by the University and receipt of correct invoice have occurred.
10. **Accounting Practices:** The Contractor shall maintain, during the term of the contract, all books of account, reports, and records in accordance with generally accepted accounting practices and standard for records directly related to this contract. The Contractor agrees

to make available to the University, during normal business hours, all book of account, reports and records relating to this contract for the duration of the contract and retain them for a minimum period of one (1) year beyond the last day of the contract term.

11. **Debarment and Suspension Certification:** The contractor certifies to the best of its knowledge and belief that it and its principals are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency in accordance with Executive Order 12549 (2/18/86).
12. **Cooperative Purchasing:** The intended coverage of this RFP, and any Agreement resulting from this solicitation, shall be for the use by all faculty, staff, students, departments and affiliates of the University of Missouri, including University of Missouri Health Care. For more information, see <http://www.umssystem.edu/ums/about/facts/>.

The University of Missouri System seeks to make the terms and prices of this contract available to other higher education institutions in the State of Missouri. Extension of the terms and prices to any or all other Missouri higher education institutions is at the discretion of respondents and shall not be considered in the award of this contract. The contractor shall further understand and agree that participation by other higher education institutions is discretionary on the part of these institutions, and the University of Missouri System bears no financial responsibility for any payments due the contractor by such entities, nor will the University be responsible for contract administration for other institutions.

**UNIVERSITY OF MISSOURI**  
**DETAILED SPECIFICATIONS AND SPECIAL CONDITIONS**

**1. GENERAL**

The Curators of the University of Missouri, a public organization, propose to contract on behalf of MOREnet ("University" and "MOREnet" will be used interchangeably hereinafter) with an organization(s) (hereinafter referred to as "Contractor"), to provide a **Fortigate Unified Threat Migration (UTM) Security Appliance with Fortiguard Filtering Bundled Solution and Associated Products** as described herein.

Attached hereto is a Form of Proposal to be used for the submission of information requested herein. The Form of Proposal must be sealed and clearly addressed to UM System Supply Chain, 2910 LeMone Industrial Blvd, Columbia, MO 65201, with a notation on the sealed envelope showing the contents to be a proposal for a **"Fortigate UTM Bundle and Associated Products" RFP #19-4001-HR-U** and received no later than **September 20, 2018 at 2:00 p.m. CDT**.

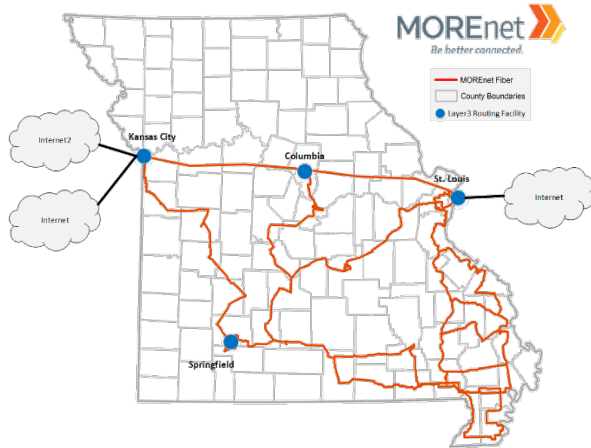

All proposals must be submitted, in one (1) original hard copy as well an electronic version on a CD or flash drive in PDF format. **Questions shall be submitted no later than September 11, 2018.**

***All questions must be addressed to:***

***Heather Reed***  
***University of Missouri System Supply Chain***  
***2910 LeMone Industrial Blvd***  
***Columbia, Missouri 65201***  
***573-882-9778***  
***[reedhr@umsystem.edu](mailto:reedhr@umsystem.edu)***

**2. BACKGROUND**

MOREnet provides a high-speed, high-availability backbone connecting Missouri's higher education, elementary and secondary education, public libraries, state agencies, health care, government agencies and other organizations. Following is a map of MOREnet's network:

MOREnet members can also purchase internet connections not connected to MOREnet’s backbone. Each member network, whether connected to MOREnet’s backbone or not, is unique and managed by the member. In addition to connectivity, MOREnet provides services to MOREnet members to help support their individual missions.

MOREnet provides connectivity, network consulting, security support and access to publicly-procured hardware and software solutions to more than 700 Missouri member organizations. By undergoing a rigorous public procurement, MOREnet enables its members to purchase publicly solicited and procured products without going through their own RFP or bid process. Winning vendors will have access to more than 700 MOREnet members through a single successful procurement cycle avoiding individual district bid responses and contract negotiations. MOREnet intends to offer for-fee initial installation/training and support (MOREnet Assisted Security Service - MASS) to its members for Fortigate bundles specified in the table below. MOREnet will also offer the discounted pricing on all Fortigate products/vendor installation services enabled by this RFP to its members that do not purchase the MASS.

**Please note:** MOREnet is issuing two RFP’s: This one for a Fortigate Security Appliance solution with bundled Fortiguard internet content filtering and another RFP specifically for Internet Web Content Filtering only. Respondents can respond to either or both RFPs.

**3. OBJECTIVE**

MOREnet would provide a Fortigate Unified Threat Management (UTM) Bundle (includes Fortiguard Filtering) to its members that allows local member control and administration as well as the ability for MOREnet technicians to assist in its management.

#### **4. CONTRACT PERIOD**

The contract period shall be one (1) year from date of award and shall automatically renew for four (4) successive one year periods unless the University notifies the Contractor of its intent to not renew the contract at least sixty (60) days prior to the renewal date.

#### **5. INSTRUCTIONS FOR PROPOSAL RESPONSE**

Respondents are required to fully respond with compliance statements to each of the mandatory specifications. Respondents are required to fully respond with description of ability to meet (and how) the evaluation questions.

Respondents must be clear and concise in responses in order to be fully credited in the evaluation. Attach and reference any relevant documentation that would ensure the evaluating committee that specifications are met. If "no response" or insufficient response to substantiate compliance is provided, the University reserves the sole right to reject vendor's proposal from further consideration. Do not include responses that are superfluous or irrelevant to the specific question asked. These are not valuable in the volume of information the various evaluating teams must review.

Confidentiality of Information:

All records received from a Contractor will be deemed public records and presumed to be open. If the contractor submits with the Request for Proposal any information claimed to be exempt under the Revised Statutes of Missouri, Chapter 610, this information must be placed in a separate envelope and marked with:

"This data shall not be disclosed outside the University or be duplicated, used, or disclosed in whole or in part for any purpose other than to evaluate the Request for Proposal; however, if a contract is awarded to this Contractor as a result of or in connection with the submission of such information, the University shall have the right to duplicate, use, or disclose this information to the extent provided in the contract. This restriction does not limit the University's right to use information contained herein if it is obtained from another source."

#### **6. EVALUATION AND CRITERIA FOR AWARD OF PROPOSAL**

From the total information requested herein, determination shall be made of the prospective Contractor's ability to furnish and deliver managed print services to the University.

Respondents must meet the mandatory requirements to be "qualified" for scoring. If requirements are not met, the vendors are disqualified from further evaluation/award. Qualified remaining Respondents will be scored on their ability to meet scored criteria/ evaluation questions, which includes qualitatively, how specifications are met. A team of University individuals will evaluate and assign points to vendor's responses to the evaluation questions. At the sole option of the University, the functional/technical review team may decide to go on a site visit, at their expense, or request vendors to perform a presentation/demonstration to

confirm specifications are met as provided in responses. The University could elect to not award to a potential respondent if site visits revealed compliance inconsistency.

The University reserves the right to make such additional investigations, as it deems necessary to establish the competence and financial stability of any respondent submitting a proposal. Experiences with the University and entities that evaluation committee members represent and that are not specifically mentioned in the solicitation response may be taken into consideration when evaluating proposals.

Responses to this document must address issues in the order provided.

Note: Any Respondent's Request for Proposal that makes material modifications to the University's Terms and Conditions may be found non-responsive, as solely determined by the University.

## **7. DELIVERY**

If applicable, all deliveries shall be FOB Destination with all freight charges thereto included and fully prepaid. The seller bears and pays the freight costs.

## **8. PAYMENT TERMS AND CONDITIONS**

Payment terms shall be mutually agreed upon between the successful Respondent(s) and the University. Any different payment terms desired by the respondent must be clearly stated and may or may not be accepted by the University.

Preferred settlement method is through the use of Electronic Accounts Payable solutions. Payment terms associated with these forms of payment will be issued as net 15 after the date of invoice. Cash discounts for prompt payment may be offered but they will not be considered in determination of award unless specifically stated in the Detailed Specifications and Special Conditions. The University may withhold payment or make such deductions as may be necessary to protect the University from loss or damage on account of defective work, claims, damages, or to pay for repair or correction of equipment or supplies furnished hereunder. Payment may not be made until satisfactory delivery and acceptance by the University and receipt of correct invoice have occurred.

The University reserves the right to withhold payment for services if/when the contractor's products/services fail to meet functional, performance or availability expectations as documented and agreed to in the contract/SLA.

### **PILOT**

The University may choose to pilot the solution for up to 90 days post-implementation. If the results of the pilot are not positive, the University retains the right to cancel the contract. Service and support costs for the pilot must be provided on the pricing sheets, if applicable.

## 9. INFORMATION TECHNOLOGY STANDARDS AND REQUIREMENTS QUESTIONNAIRE (ITSRQ)

Respondents that are being considered for award should be prepared to complete an ITSRQ spreadsheet. An example of the ITSRQ that must be completed to the complete satisfaction of the University prior to award is included in this RFP for informational purposes.

If a Respondent is asked to complete the ITSRQ and fails to do so, the Respondent will be removed from consideration. Respondents may NOT embed formulas, white pages, add or delete sections/tabs within the spreadsheet but shall ***simply state Yes (Y), No (N), Alternate (ALT) Not Applicable (NA) in the designated sections, and provide Narrative Comments in the designated sections.***

The ITSRQ consists of the following sections:

1. Instructions
2. IT Security (Limiting Criteria)

***The ITSRQ spreadsheet may be found at the University of Missouri Procurement Web-Site (<https://www.umsystem.edu/ums/fa/procurement>), under “open bids”, 19 4001 HR U ITSRQ.***

## 10. LIMITING CRITERIA

Respondents must meet all mandatory minimum requirements in this section in order to provide a response to this RFP. Any Respondent that does not meet all of the following requirements will be removed from further consideration. Respondents must provide a written, affirmative response to each of the criteria stated below.

- 10.1. By submitting a response, Respondent has accepted the terms of this RFP and agrees to waive the inclusion of their contract document.

Yes or No

- 10.2. The proposed solution must currently be in production.

Yes or No

- 10.3. Respondent must be an authorized Fortinet supplier.

Yes or No

10.4. Respondent must be able to provide on-site authorized services at a fixed fee as an option to the MOREnet member.

Yes or No

10.5. Respondent must have an E-Rate SPIN to provide the MOREnet member with the appropriate discounts for eligible services.

Yes or No

10.6. Respondent must provide access to the entire Fortinet product line and Fortinet service options as well as vendor-provided installation/service options.

Yes or No

10.7. Respondent must provide the complete Fortinet product line and pricing for any and all Fortinet upgrades, replacements, and additions to this product line through this RFP.

Yes or No

10.8. The Contractor must fully support the proposed solution throughout the life of the contract, including but not necessarily limited to: bug fixes, replacement parts, support, etc.

Yes or No

10.9. The Contractor must agree to protect the privacy and security of MOREnet's member data at all times and further agrees not to use or disclose such data other than to accomplish the objectives of this agreement.

Yes or No

## **11. EVALUATION QUESTIONS**

It is the Respondent's responsibility to supply sufficient and complete information for a full evaluation of all items in this section, including detailed explanations. If more space is needed for comments or a description, attach a page with the additional information and clearly identify it by referencing the associated section number.

### **11.1. Fortinet UTM Bundle (Additional Options and Services)**

- a. What features are included in the bundle? Is the Respondent including any additional options or services with the Fortigate/Fortiguard bundle? Please be specific.

## **11.2. Reporting-FortiGuard**

- a. What pre-configured reports are available? How might an administrator create their own reports? Describe the reporting capabilities of the system, including:
  - 1) Specific user browsing activity (i.e. username, device name),
  - 2) Web pages blocked,
  - 3) Web pages allowed, and
  - 4) Web pages with high bandwidth utilization.

## **11.3. Logging**

- a. How are logs stored? What information is logged? Are the log formats configurable? Are there analytic tools available and are they included in the product offering? How would an administrator specify how long log files are retained or how large log files should be? How would administrators access the logs? How would an administrator save the log data due to a legal hold request? What information is retained in usage logs? What information is retained in administrator change logs? Are the Logs stored in a flat file (text format)? Describe the capabilities of real-time logging. Describe how logging can be offloaded to a syslog server?

## **11.4. Web-based Administrator Interface**

- a. How long does it take for changes implemented in the administrative interface to take effect? Describe how an administrator would block pornographic images. Describe how an administrator would maintain a block or allow list for individual websites.

## **11.5. Website Categorization**

- a. Which filtering categories are available? How often are websites included in filtering categories updated? How is a website determined to belong in a category? How are new websites categorized? How would end users or administrators have a website reclassified? For example, if a website is blocked as a result of the category in which it resides, what is the process for getting it removed from this category/classification or the process to “allow” the website?

## **11.6. Website Filtering**

- a. Describe the solution’s ability to filter different kinds of web-based material such as https sites, pornographic images, applications within social media websites such as Facebook games. Describe the solution's ability to block a website but allow access to sub-domains, such as tumblr.com. Describe how the solution categorizes the different components of Google Apps. How do you handle filtering images like pornographic thumbnails images that are embedded in the page? How would an administrator or authorized person override a blocked page to allow access? How is a person authorized? Include any role-based options. Include any differences to filtering functionality in different deployment scenarios such filtering remote devices. Describe how the solution handles HTTPS requests? If DNS lookup is

involved, how does the filtering solution handle IP's that resolve to multiple domains; i.e., Google, YouTube, and Google Plus? Is an authentication portal available for HTTPS only sites such as Twitter? Describe product's ability to enforce Safe Search mode on popular search engines such as Yahoo, Google, Bing, etc.

#### **11.7. Deny Page**

- a. Does a blocked site result in a block or deny page? What information is provided to the user when a page is blocked? Is this a logged event? Does the page clearly explain why the site was blocked? Does it provide a link to disable the filter or a link to contact the administrator to request the site be unblocked? Is the block page customizable by the administrator?

#### **11.8. Technical Support and Training**

- a. Describe all vendor proposed support including technical support/help desk access/online help features, including support hours available. Describe the support services available during initial implementation as well as ongoing support. Describe all training materials available including, but not necessarily limited to, computer-based training courses, course outlines, course handbook, instructor slides, etc. Would MOREnet be able to customize, co-brand, or otherwise use the Contractor's promotional or training materials? Describe any onsite training workshops/training the Respondent will offer to MOREnet consulting staff supporting Fortinet products as well as proposed basic onsite (at MOREnet) Fortinet training opportunities for the MOREnet member base.

#### **11.9. Website Overrides**

- a. Describe how your product handles website overrides, by allowing the local administrator to disable the filtering temporarily. In addition, describe how the override reverts back to normal state.

#### **11.10. Cloud vs On-site Filtering**

- a. Describe how your device handles filtering of devices that go off the local area network.

#### **11.11. Supported Operating Systems**

- a. Describe specific operating systems and versions. How does your filtering system handle each system, both on-site and off-site your network. For example, does your solution work with MAC OS on-site (through an appliance); if so, how is the MAC device filtered off-site?

#### **11.12. Upgrade Path**

- a. Describe your upgrade path if a member upgrades bandwidth or has significant changes and requirements. For example, do you have a buy back option? Other examples—is the hardware solution modular so that network/processor cards can be upgraded to support significantly more bandwidth?

**11.13. Company Stability**

- a. Describe your company’s history, strategy, and ability to support MOREnet members in the environment specified in this RFP document. Describe future plans for product development. How frequently are system patches and upgrades released?

**11.14. Additional Products or Services**

- a. What other products or services are available from your company? Please list all products and installation services that are available to our members.

**11.15. Pricing: List the cost and any additional options your company provides for the bundled services outlined in the following table. In addition, provide a list of ALL Fortigate product options for purchase by MOREnet members including installation and configuration fees (hourly/daily fees, etc.). Attach additional sheets if necessary.**

Licensed to do business in the State of Missouri?    ___yes    ___no	

**This signature sheet must be returned with your proposal.**

**ATTACHMENT A**  
**SUPPLIER DIVERSITY PARTICIPATION FORM**

The contractor/supplier must indicate below the percentage of diverse supplier participation committed to in relation to the total dollar value of the contract. Please provide this information whether the contractor/supplier is awarded one, some, or all of the categories being proposed. Overall the diverse supplier participation must not be contingent upon award of a specific category. The contractor/supplier, if awarded a contract, must be able to achieve the stated participation for the resulting contract regardless of the categories awarded or not awarded. The contractor/supplier must be able to achieve participation stated below for the total value of the awarded contract(s). If the contractor/supplier is a certified diverse supplier, the contractor/supplier may indicate 100% participation below. We also ask that a diverse supplier we contract with directly provide us with any supplier diversity participation your firm does that helps to fulfill the contract. Listed below are definitions of direct versus indirect 2<sup>nd</sup> Tier spending:

- Direct 2<sup>nd</sup> Tier spending: This is diverse supplier spending by a first tier supplier of goods and/ or services that directly fulfills a UMSSC contract. The principle to follow— if the diverse supplier spending by the first tier supplier can be traced and tracked specifically to the contract, this is direct 2<sup>nd</sup> tier spending.
  - a. Example: Company A is a prime supplier that sells UMSSC Health System medical supplies. Masks that are supplied to fulfill the contract come from a woman-owned business. This would be called direct 2<sup>nd</sup> tier as the purchase is directly fulfilling the contractual obligation.
  - b. Example: Company B is a prime supplier of office products to UMSSC. Ink pens that are supplied are provided by a minority-owned business. This would also be direct 2<sup>nd</sup> Tier. Dollars can be tracked and traced to fulfilling the contract.
  
- Indirect 2<sup>nd</sup> Tier spending: Calculates the 2<sup>nd</sup> Tier spending by prorating the prime supplier's company-wide diverse supplier spending with the percentage of its total business represented by the customer company's business.
  - a. Example: Company A spends \$100,000 with a Veteran-owned landscaping company. UMSSC comprises 20% of that company's/subsidiary's business revenue. Company A can report \$20,000 of the amount spent for landscaping as part of its reporting to UMSSC.
  - b. Example: Company B spends \$150 million dollars in diverse supplier spending for its enterprise. UMSSC comprises 1% of Company B's overall revenue. Company B can the report 1% (\$1.5 million) as supplier diversity spending to UMSSC.

The contractor/ supplier is committing to the following diverse supplier participation on this proposal:

Complete the following table indicating the suppliers that will be used as direct subcontractors to meet the participation levels indicated. If you are committing to indirect 2<sup>nd</sup> tier spending, please list as “indirect” under supplier name and indicate what percentage you will target. If your company will not have a supplier diversity component, please indicate that below as well.

Supplier Name	% of Contract	Specify 1 <sup>st</sup> or 2 <sup>nd</sup> Tier

-----THIS FORM MUST BE SUBMITTED WITH THE RESPONSE-----

## Supplier Diversity Certifying Agencies

The list below provides a list of agencies that do certification for MBE, WBE, DBE, Veteran and Veteran Service Disabled businesses. Bidders are responsible for obtaining information regarding the certification status of a firm for the prospective sub-contractor being used. A list of certified firms may also be obtained from many of the agencies listed below, including the State of Missouri's websites for M/WBE's and Service-Disabled Veterans.

State of Missouri Office of Equal Opportunity

Certification for WBE's in the Missouri area

**ATTACHMENT B  
SUPPLIER REGISTRATION INFORMATION**

Completion of this section is strongly encouraged. Please review and check ALL applicable boxes.

SMALL BUSINESS CONCERN:  Yes  No

The term “small business concern” shall mean a business as defined pursuant to Section 3 of the Small Business Act and relevant regulations issued pursuant thereto. Generally, this means a small business concern organized for profit, which is independently owned and operated, is not dominant in the field of operations in which it is bidding. We would consider any firm with 500 employees or less a “small business concern”.

WOMAN OWNED BUSINESS (WBE):  Yes  No

A woman owned business is defined as an organization that is 51% owned, controlled and/or managed, by a woman. The determination of WBE status depends solely on ownership and operation and is not related to employment. The firm should be certified by a recognized agency (e.g., state, local, federal, etc.). Please see Public Law 106-554 for more detail.

MINORITY BUSINESS ENTERPRISE (MBE):  Yes  No

A minority business is defined as an organization that is 51% owned, controlled and/or managed by minority group members. The determination of minority status depends solely on ownership and operation and is not related to employment. The firm should be certified by a recognized agency (e.g., state, local, federal, etc.). Please see Public Law 95-507 for more detail. Place an X by the appropriate space below.

1. Asian-Indian - A U.S. citizen whose origins are from India, Pakistan and Bangladesh  (A)
2. Asian-Pacific - A U.S. citizen whose origins are from Japan, China, Indonesia, Malaysia, Taiwan, Korea, Vietnam, Laos, Cambodia, the Philippines, Thailand, Samoa, Guam, the U.S. Trust Territories of the Pacific or the Northern Marianas.  (P)
3. Black - A U.S. citizen having origins in any of the Black racial groups of Africa.  (B)
4. Hispanic - A U.S. citizen of true-born Hispanic heritage, from any of the Spanish-speaking areas Mexico, Central America, South America and the Caribbean Basin only.  (H)
5. Native American - A person who is an American Indian, Eskimo, Aleut or Native Hawaiian, and regarded as such by the community of which the person claims to be a part.  (N)

A Veteran or Service Disabled Veteran business is defined as an organization that is 51% owned, controlled and/or managed by Veterans. The firm should be certified by a recognized agency (e.g., state, local, federal, etc.). Please see Public Law 109-461 for more detail.

VETERAN BUSINESS ENTERPRISE  Yes  No

SERVICE DISABLED VETERAN BUSINESS ENTERPRISE  Yes  No

**Please include what organization your firm has secured certification from with a certification number and date it expires.** \_\_\_\_\_

MISSOURI FIRM:  Yes  No

A Missouri Firm is defined as an organization which has and maintains within the State of Missouri a regular place of business for the transaction of their business.

**BUSINESS TYPE:**

- Manufacturer  (M)
- Distributor/Wholesaler  (D)
- Manufacturer's Representative  (F)
- Service  (S)
- Retail  (R)
- Contractor  (C)
- Other  (O)

SOLE PROPRIETORSHIP:  Yes  No

**SUPPLIER'S CERTIFICATION:**

The undersigned hereby certifies that the foregoing information is a true and correct statement of the facts and agrees to abide by the laws of the State of Missouri and the rules and regulations of the University of Missouri System now in effect including any subsequent revisions thereof. Supplier acknowledges that it is his/her responsibility to keep the information current by notifying the University of Missouri of any changes. The supplier also acknowledges that repeated failure to respond to Invitation to Bids may result in removal from the bid lists.
