Addendum #1, dated October 3, 2022

QUESTION	ANSWER
When will the current monitoring contract expire?	The contract ended December 31, 2020 and was never renewed. This bid will bring us back into contract compliance.
Would you rather buy the cellular dialers outright or lease the units? Leasing the units would be the cheaper options. We would install all 104 units for free and would replace any unit over the course of the 3 contract for free if there are any issues.	The University has or will purchase our own dialers as needed.
