Overview

This document contains the approved rates for student housing, activity, facility, and health service fees for fiscal year 2025 and other supporting materials as submitted by each campus in the University of Missouri System. This information was prepared in support of housing fee changes that become effective in the Summer Session 2043 and activity, facility, and health service fee changes that become effective in Fall Session 2024.

Table 1 shows a summary of Board approved undergraduate tuition, fees and room and board for academic year 2025 compared to 2024. Activity, facility, and health service fees along with the information technology fees are referred to as required fees. FY2024 total tuition and required fees will change by 5.0% at MU, 4.9% at UMKC, 5.0% at S&T, and 5.0% at UMSL. UMSL has a comprehensive tuition rate that combines per credit hour tuition rates with activity, facility, and health service fees, which are charged to all students. As a result, there will be no separate assessment of activity, facility, and health services fees for UMSL beyond FY2014.

⁽¹⁾ Differential tuition equals tuition rate plus information technology fee plus supplemental fees. Calculated at 13 hours for comparability of rates across platforms.

⁽²⁾ Based on required fees for a resident undergraduate student of fifteen credit hours per semester for two semesters. Excludes special course fees.

⁽³⁾ Predominant plans as submitted by each campus.

⁽⁶⁾ UMSL will no longer be separately assessing information technology, activity, facility and health fees. They were incorporated into the tuition rate beginning in FY2014.

Housing System Highlights

Room and Board Contract Rates

Many housing and dining opportunities are available to MU, UMKC, Missouri S&T, and UMSL students. On-campus living has been provided on our campuses for many years and continues to provide these valuable benefits:

- Improves student academic success
- Improves the likelihood of continuance and graduation
- Improves connection to other students by living in a community
- And includes better security and safety from campus police and security measures.

Fee proposals were prepared under the direction of the Vice Chancellors or Vice Provosts for Student Affairs on each campus. Planning for fee changes is conducted using operating assumptions unique to each campus and activity, within the context of general economic guidelines communicated by UM System Office of Finance. Student housing and dining rate proposals were developed with input from affected students and Residence Hall Associations. These groups had the opportunity to review, ask questions, and provide comments as proposed room and board rates and plans were developed.

Room and board charges vary across the four campuses and within each campus based on the residence facility and meal plan selected by the student. Table 2 summarizes the approved changes in the predominant room and board plans on each campus as well as showing the range of plans available. Based on the predominant room and board plan on each campus, rates changed by 4.1% at **MU**, 4.0% at **UMKC**, 3.2% at **S&T**, and 3.0% at **UMSL**. These changes are driven by various factors that impact housing and dining differently and also the campus operations differently including but not limited to utility costs, debt service, food costs, labor costs, and contractual arrangements with third party vendors. Tables 2a - 2d detail the type of rooms and meal plans that are available on each campus as well as the approved rates for each plan.

MU

Benefits of living on campus are proven across the nation and by our own data, which shows students who live in our residence halls are more likely to stay enrolled and graduate in four years than their peers who do not. Housing rates support MU's nationally recognized living and learning programs, which have significantly increased students' academic achievement, retention, and graduation for many years. In addition, rates support in-hall programming and early alert programs.

Fee proposals were prepared under direction of the Vice Chancellor for Student Affairs at MU. Planning for fee changes is conducted using operating assumptions unique to the campus and activity within the context of general economic guidelines communicated by UM System Office of Finance.

The recommended predominant room and board plan will cost \$11,558 per academic year for FY2025 and consists of \$8,038 for the traditional double room and \$3,520 for the Zou Gold dining plan which offers dining anywhere on campus with an average of 12 meals per week.

While developing the pricing strategy for FY2025 MU focused on three overarching goals.

- Providing safe, attractive, and well-maintained housing facilities
- Maintaining low-cost options for students who desire those options
- Providing long term financial stability through adequate funding of maintenance.

Housing rates for FY2025 in university owned housing range from a high of \$12,495 per academic year for a single suite open over breaks to a low of \$7,205 for a traditional double room in Hatch Hall. In FY2025 MU will be offering a triple room rate ranging from \$6,995 per academic year to \$8,555. This housing option is introduced to continue to provide affordable rates for students while utilizing university owned facilities. In setting rates, MU segmented housing inventory into three different groups by demand profile: low-cost, mid-range, and premium housing options and structured pricing accordingly.

- Mid-range traditional double room will increase by 5.0% at \$8,100 per academic year (\$900/month), respectively.
- Premium traditional double room will increase to \$8,810 per academic year which is a 3.0% increase (\$255 per academic year).
- Rates will increase 5.9% and 6.0% in select singles, suites, and high-demand halls. This ensures responsible financial management while managing demand and keeping the rate structure as simple as possible.

- The weighted average cost included in the predominant room and board plan is \$7,755 which is 3.6% higher than prior year.

FY2023 represented the final year of a multiyear agreement with The Rise to provide additional capacity. MU met housing demand for FY2024 by utilizing University owned properties. Should demand increase, and MU is unable to meet demand with owned housing stock, Residential Life would seek a contract with an external housing provider. A rate request for off-campus apartments has been included with the FY2024 proposal in case the University needs to engage the private market to meet higher enrollment.

Dining plans will continue to offer flexibility and include low-cost options. Student can choose from three plans ranging from \$4,040 for Zou Platinum plan to a low of \$1,960 for a Zou Silver plan for a flexible dining plan option that works at all locations (including the Student Center). Students have options on the dining plan that include traditional all you care to eat locations and many a la carte residential and retail choices with hours ranging from 7:00 a.m. – 11:00 p.m. The dining plan anticipated to be selected most by students next year will be \$3,520, a flexible dining option, which is \$170, or 5% more expensive than the current year.

MU recognizes the cost to students and their families when students have to move out for breaks. Residential Life will continue to remain open for fall, winter and spring breaks. In addition, the popular "365 housing" option will continue for students who need housing year-round. Currently, many students are without housing the second half of May and first half of August, when apartment complexes are turning rooms over. Returning students who select 365 housing will be able to either stay in their room or move into a new room in May without any break in housing. These options also help students to stay on campus and complete summer school to stay on time to degree completion.

UMKC

The predominant room and board plan at **UMKC** for FY 2025 will cost \$12,384 per year, an increase of \$476 or 4%. The major components of the predominant room and board include a double room at Johnson Hall or Oak Street Hall, and a dining plan which offers 15-meals per week, with \$125 flex that can be used at any campus dining location. UMKC students have four University-owned housing options available to them: Oak Street Hall, Johnson Hall, Hospital Hill Apartments and Rockhill Apartments.

UMKC is proposing a 4% housing rate increase. UMKC occupancy rates are trending positive in both the residence halls, currently at 90%, up from 82% in FY 2022, and Hospital Hill apartments, currently 86%

up from 69% in FY2023. Residential Life management is working to improve financial performance by increasing occupancy, while also balancing affordability with the financial viability of the housing function.

Dining rates are proposed to increase by 4.0% to cover increases in the cost of plans provided by the contracted dining services provider. The rate increases match the cost of delivery for the dining plan offered by the vendor.

Missouri S&T

The predominant room and board plan at **Missouri S&T** for FY 2025 will cost \$11,269 per academic year and consists of a double room and declining balance meal plan per semester. The increase in the predominant room and board plan at Missouri S&T is 3.2% or \$349 for the academic year.

The recommended rates are a balance between meeting the financial needs of the housing auxiliary and affordability for students. The rates were set with the objective of making minimal increases to rooms with the least demand and greater increases for rooms in more desirable halls. Room rates range from a high of \$10,900 per academic year (a 5.0% increase from prior year) for a single bedroom/apartment style room in University Commons, which is the newest facility, to \$6,335 per academic year (a 1.5% from prior year) for a triple room in Thomas Jefferson South.

Missouri S&T has five different meal plans available ranging from a high of \$4,100 for all access in Thomas Jefferson plus \$150 declining balance per year to a low of a \$2,520 declining balance for upperclassmen or \$3,750 declining balance for freshman per year. Missouri S&T is requesting an average 6.5% increase across the five options, this decision was based on contracted obligations from the third-party provider and demand for the meals plans offered.

UMSL

The predominant room and board plan at **UMSL** for FY2025 will increase by 3.0% at \$12,108 per academic year. The predominant plan consists of a single room in Oak Hall and a 100-block meal plan plus \$350 declining balance dollars per semester.

UMSL strives to maintain affordability for students, 44% of the current residential population are Pell eligible students which depend on their education, campus experiences and housing to be financially accessible. To maintain affordable housing rates for students, UMSL has proposed to increase housing rates by 3.0%.

UMSL's meal plans are contracted with a third-party food service provider which will necessitate an annual increase to account for food at home cost changes each year. Six meal plans are offered and range from a low of \$3,193 per academic year for a 80-meal block with a \$600 declining balance per semester to a high of \$5,356 for an all access plan with a \$100 declining balance per semester. The increases are based on the food away from home consumer price index which rose 6.5% over prior year

Activity, Facility, and Health Service Fee Highlights

Table 3 shows a summary of activity, facility, and health services fees by term for FY2024 and FY2025, while Tables 3a-3b present details of these activity, facility, and health service fees for MU and Missouri S&T.

These fee proposals were prepared under the direction of the Vice Chancellors or Vice Provosts for Student Affairs on each campus. Planning for fee changes is conducted using operating assumptions unique to each campus and activity, within the context of general economic guidelines communicated by the Finance Division. Appropriate advisory groups, affected students, and/or their elected officers reviewed and supported the activity, facility, and service fee proposals.

Increases in undergraduate activity, facility, and service fees per semester are 5.0% or \$28.26 at MU, and 4.6% or \$29.03 at Missouri S&T. The detailed fee schedules are at the end of this section. Graduate and professional student fees increase by 5.1% at MU, and 4.6% at Missouri S&T.

Fees are assessed predominantly on a per credit hour basis with a cap of 12 credit hours per semester and six credit hours for the summer session. The cap is nine credit hours per semester for graduate⁴ and professional students. Some fees are assessed at a flat rate per semester or have a lower cap.

At **MU** there are three categories of mandatory student activity fees: Student Health, Recreation Center, and Student Activity. The Student Health Fee supports the MU Student Health Center, which provides students with timely primary care and/or behavioral health appointments. The Recreation Center Fee allows students to use university-based indoor and outdoor facilities at the Mizzou Rec Facility. The Student Activity Fee include fees to fund: Student Government, Student Organizations, Multicultural Student Organizations, Readership Program, Sustainability Program, Sports Clubs, Associated Students, Capital Improvement, Divisional Councils, Transportation System, Student Unions, Student Life, Counseling Center, Jesse Auditorium, MU Libraries, and Technology.

The MU Student Fee Review Committee, which is comprised of a representative mix of undergraduate and graduate students, annually reviews activity, facility, and health service fees in detail. They make a recommendation to the Vice Chancellor of Student Affairs regarding any increases or reallocations. The proposed increases represent the Committee's recommendations.

Fall 2022 **UMKC** began a tiered flat rate activity, facility and service fee structure based on student credit hours. The tiered structure increases activity, facility, and service fee charges 5.0% inflationary increase over prior year. The new structure implements a three-tiered model:

- Tier 1 up to 6 credit hours: \$336.00, \$15.85 increase
- Tier 2 7-12 credit hours: \$714.00, \$34.00 increase
- Tier 3 13+ credit hours: \$810.60, \$38.60 increase

Missouri S&T total student activity, facility, and service fees are increasing by \$29.03 a semester for undergraduates and for graduates it will increase by \$29.16 a semester.

In FY2014 the **UMSL** campus restructured their tuition and required fees into a base tuition rate. The campus no longer assesses student activity, facility, and service fees separately.

Note:
 * The Club Sports fee of \$3.45 was moved from the Student Activity fee to the Recreation Activity and Facility column in FY17. Club Sports are managed and supported by MizrouRec already, so it makes sense to rearrange the funding in this way.

- 1.) Undergraduate Student Activity Fees include fees to fund: Student Government, Student Organizations, Readership Program, Sports Clubs, Legion of Black Collegians, Associated Students, Capital Improvements, Divisional Councils, Transportation System, Memorial Union, Student Life, Counseling Center, Jesse Auditorium, and Parking Garage. These fees are assessed per credit hour with a full fee plateau at 12 credit hours.
- 2.) Graduate/Professional Student Activity Fees include fees to fund: Student Government, Student Organizations, Readership Program, Sports Clubs, Associated Students, Capital Improvements, Divisional Councils, Transportation System, Memorial Union, Student Life, Counseling Center, Jesse Auditorium, and Parking Garage. These fees are assessed per credit hour with a full fee plateau at 9 credit hours.
- 3.) Graduate/Professional Student Activity Fees were formerly assessed with a full fee plateau of 12 credit hours. Graduate Students were predominately enrolled for 9 hours while Professional Students were taking 12-15 hours. As a result both groups were paying differing amounts of activity fees for the same services. The change to a 9 hour plateau equalizes the charges to all Graduate/Professional students.
- 4.) Professional Student Activity Fees include fees to fund: Student Government, Student Organizations, Readership Program, Sports Clubs, Associated Students, Capital Improvements, Divisional Councils, Transportation System, Memorial Union, Student Life, Counseling Center, Jesse Auditorium, and Parking Garage. These fees are assessed per credit hour with a full fee plateau at 12 credit hours.
