## Overview

### IPEDS Student Financial Aid Component Overview

Welcome to the Student Financial Aid (SFA) survey component. The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students and military/veteran educational benefits for all students at your institution.

#### Data Reporting Reminders:

- Report data to accurately reflect the period(s) corresponding with the IPEDS survey component requested, even if such reporting seems inconsistent with prior-year reporting.
- Undergraduate Student Counts
  - You will be asked to report information for:
    - All undergraduate students
      - Degree/certificate-seeking undergraduate students
        - Full-time, first-time degree/certificate-seeking undergraduate students (FTFT)
      - Non-degree/certificate-seeking undergraduate students

#### Interactive Edits and Error Messages

The SFA survey component contains interactive edits to check for blank fields, invalid values, or values outside expected ranges. Some error messages require you to confirm or explain the values entered whereas other error messages are fatal and require you to contact the IPEDS Help Desk at (877) 225-2568 for resolution.

#### Context Boxes

You will find optional text boxes throughout the SFA survey component. These text boxes allow you to provide more information or context about the data entered. Some context boxes may be made available to the public on College Navigator, so make sure the information you enter can be understood easily by students, parents, and the public.

#### Changes to reporting:

The following changes were implemented for the 2024-25 data collection period:

- Moved the cost of attendance and average net price data items to the new IPEDS Cost (CST) survey component.
- Updated the SFA Survey form and instructions based on legislative changes, U.S. Department of Education guidance, and industry practices.
- Applied the screening question from Section 2 to all institutions.
- Applied the context box from Section 2 to all institutions.
- Clarified loans to students reported in Section 1, Part C, Line 7 include private education loans.
- Clarified Fall Enrollment (EF) student counts are carried forward and used to calculate average aid amounts and percentages for academic reporters whereas 12-Month Enrollment (E12) student counts are carried forward and used to calculate average aid amount and percentages for program reporters throughout the survey.
- Eliminated the multiple forms that were historically presented on the survey materials page; however, there remain differences in how institutions report. Those differences are indicated in gold text on the single remaining form as presented to OMB. Institutions will not see the gold text and will only see the screens that are applicable to them.

  - Values displayed for All undergraduate students, All degree/certificate seeking undergraduate students, and All non-degree/certificate seeking undergraduate students should match the values reported in Section 1, Part B;
  - Values displayed for Full-time, First-time degree/certificate seeking undergraduate students should match the values reported in Section 1, Part C; and
  - NCES calculated values for the student count and total amount of aid awarded for All other degree/certificate seeking undergraduate students should be the difference between the values reported for All undergraduate students and Full-time, first-time degree/certificate seeking undergraduate students.
- If values displayed do not match your institution's calculations, please correct the numbers reported before moving forward to complete Section 2 of the SFA Survey.
- Data for all degree/certificate seeking undergraduate students and full-time, first-time degree/certificate undergraduate students are published on College Navigator.
