

### **Visual Display & Bulletin Boards**

1. Porcelain enamel face sheet should be used for accommodating projection.
2. Verify with end user the type of visual display and bulletin board (chalk boards, white boards, and smart boards).

### **Toilet Partitions**

1. Toilet partitions will be either floor supported-overhead braced, or floor and ceiling supported. Wall Hung Urinal Screens will have integral wall mounting flange, or continuous wall mounting bracket mounted to solid blocking in the wall.

### **Signs**

1. At MU, all new signs are typically provided by the campus. Signs specified on MU projects should be coordinated with sign shop.
2. All signage must meet current ADA Standards.
3. Consultant is responsible for room related, or code compliant signage, this typically does not include way-finding or branding signage. Verify with PM.

### **Exterior Signs**

1. Design consultant is to coordinate with PM for exterior signage requirements for each campus.

### **Toilet & Bath Accessories**

1. Design consultant is to coordinate with Facilities Operations for each campus to determine standard equipment and accessories.
2. Design consultant is responsible for all other accessories and components including, but not limited to; grab bars, hand dryers, mirrors, curtain rods, shower seats, soap dishes, insulation kits, feminine hygiene dispensers, and other.
3. Electric hand dryers and hands free operating mechanisms for water closets, urinals, and lavatories shall be used. Verify with PM if paper towel dispenser can be used in lieu of electric hand dryer.

**Dedication Plaques**

1. Design Consultant to coordinate with the PM to identify the need for a dedication plaque to be included in the project. Typically, these will be included in the design of:
  - a. New buildings (excluding infrastructure and support buildings).
  - b. Significant building additions.
  - c. Significant renovations that create interior space with a distinct identity.
2. When a dedication plaque is required, it shall be detailed on the construction documents as a contractor-provided and installed item.
3. Guidelines for dedication plaque design are in the document “Dedication Plaques” on the FPD Document Page under the Consultant Document heading. See link below.
