

CY2025 University of Missouri Adopted Building Codes

The following is a partial list of current codes and standards to be applied to construction projects at the University of Missouri. [Other required codes may be applicable, as determined by the AHJ or Plan Reviewers, based on the projects scope of work, installed equipment, or technical complexity. Referenced standards and any appendices listed in these codes shall be considered part of the code, as required.](#)

Please refer to 2.1.2, 2.2.2, 2.3.2, and 2.4.2 depending on the delivery method in the [Consultant Procedures and Design Guidelines](#) for the specific implementation criteria of these codes and reference standards. Please note, adopted codes for MU Health Care projects are listed separately below.
